DON ADOLFO CAMARILLO, founder of our city and donor of the land on which our school stands, was born one hundred years ago. It is to the memory of this man, loved and respected by all those with whom he came in contact, that we dedicate EL ALACRAN, 1965. His life spanned almost a century – he watched Ventura County grow from a placid region of range and Spanish haciendas to an area of industry and cities. Small in stature, ADOLFO CAMARILLO possessed the spirit of a colossus. More valuable than the generous material heritage is the example of humanity he set for us: aristocracy without disdain, compassion without sentimentality, leadership without suppression. In honor of DON ADOLFO CAMARILLO, the Last of the Dons, we dedicate this book.

ADOLFO CAMARILLO found time in his busy day to ride Diamonte, the favorite of his famous white Arabian stallions.

It was once said that DON ADOLFO Y HERNANDEZ Y CAMARILLO deserved the title of "the patriarch of our hamlet," for he spent most of his ninety-four years serving his church, his family, and his community. He is remembered as one of the great civic leaders who helped transform Ventura County from a land of colorful ranchos to a prosperous agricultural and business area.

The fact that DON ADOLFO was a member of a wealthy and aristocratic family may have instilled in him the desire to serve his community. Born six months before Abraham Lincoln was shot, ADOLFO CAMARILLO was one of the youngest of fourteen children. His father, Don Juan Camarillo, Sr., was a typical warm-hearted Mexican gentleman, yet a match for any sharp-dealing Yankee when it came to business transactions. In 1875, he bought the 10,362-acre Rancho Calleguas, a section of land that had been granted to the Ruiz family by Governor Alvarado in 1834. When his father died, the overwhelming responsbility of running this large estate was shifted to sixteen-year-old ADOLFO CAMARILLO. It became evident that along with this increase in responsibility,

Don Adolfo's home was the center of community life.

Mr. Adolfo Camarillo is pictured here, seated with one of his seven children. April 5, 1942.

Adolfo had also inherited his father's business sense and capacity for work. He cut the size of his herd of cattle and initiated barley and corn as chief crops. Later he pioneered the production of the county's foremost product by planting two thousand acres of lima beans. His agricultural experimentation was also instrumental in establishing black-eyed beans, walnuts, and citrus as profitable crops in Ventura County.

DON ADOLFO was always fascinated by change and mechanical progress. He strove to keep abreast of all modern developments; in 1890 he installed a telephone when they were still novelties in the area and he purchased his first automobile in 1904, only two years after the first car was seen in Ventura County. His enthusiasm for progress was not limited to "mechanical playthings;" he also mechanized his agricultural methods. Tractors, harvesters, combines, hay balers, and walnut hullers were a few of the machines he used.

One of Adolfo's major interests was his famed stable of white Arabian horses. His stallions were known throughout the state for their unusual beauty and stature. DON ADOLFO rode his favorite horse, Diamonte, in the Tournament of Roses Parade, Santa Barbara Fiesta parade, and local parades. MR. CAMARILLO was instrumental in establishing the Rancheros Visitatores, a group of horsemen who rode from ranch to ranch in memory of California Spanish days.

ADOLFO CAMARILLO married Isabella Menchaca in 1888. Upon returning from their honeymoon,

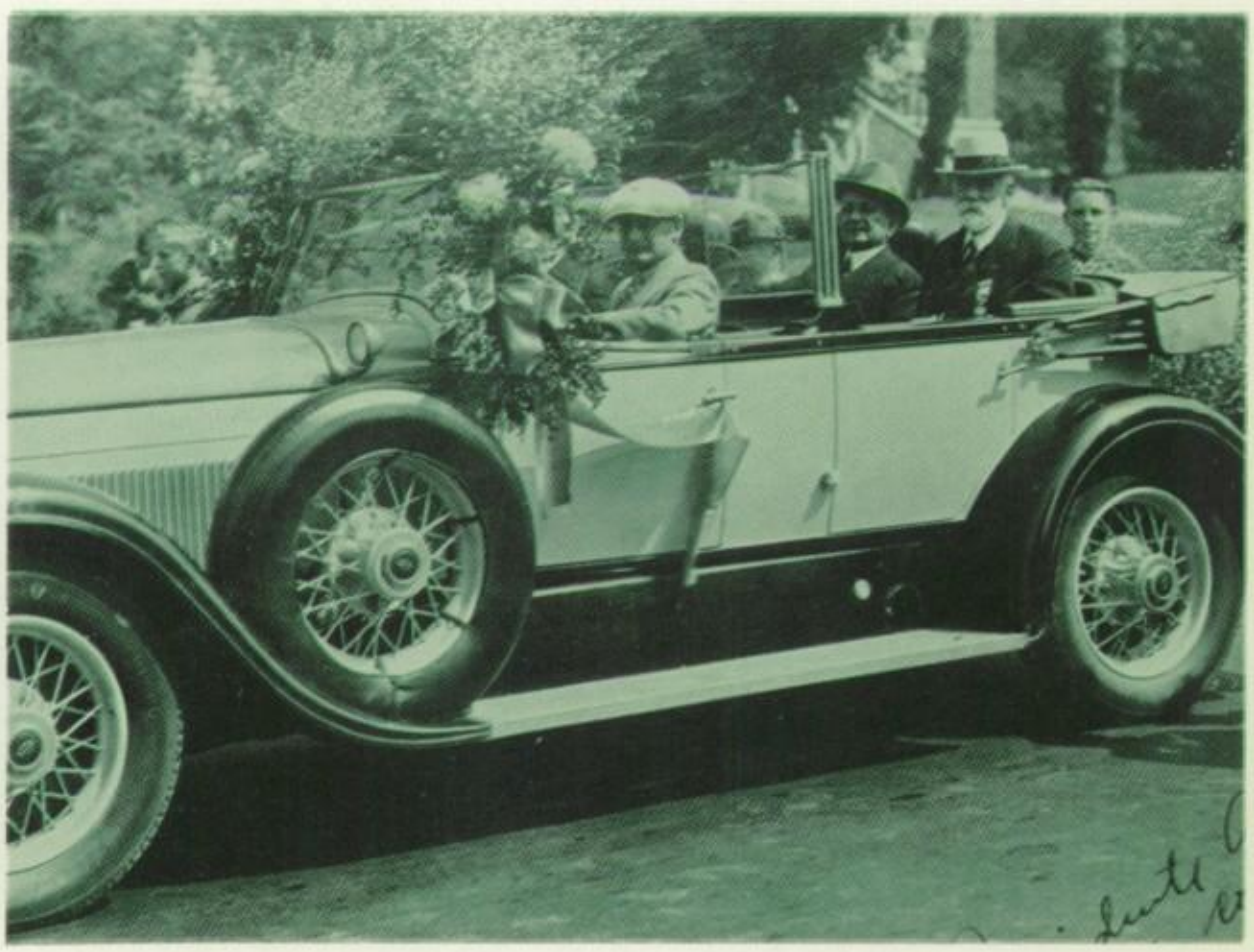
they lived in a twelve-room hacienda on the Calleguas Rancho. In 1896 this house was completely destroyed by fire and DON ADOLFO was faced with the task of rebuilding his home. DON ADOLFO was more than equal to the undertaking. The three-story Victorian mansion now located on Santa Rosa Road was the result.

With fifteen rooms, six baths, and a huge, beautifully landscaped garden, the Camarillo home offered a perfect place for entertaining. Although the ranch house is now vacant, it once was the site of fiestas, and was considered the social center of the community. The barbecue pits could serve one hundred persons, and the rancho was the location of many community picnics. DON ADOLFO'S reputation as a genial host illustrated the fact that he was a civic and social leader as well as an agricultural pioneer.

Don Adolfo rode in his first jet at 93.

He participated in many civic activities. He was a charter member of the Oxnard Elks Lodge #1443 and remained in the organization for fifty years. He was a



Among his many activities were the Rotary Club and serving as "El Presidente" of the Ventura County Fair.

member of the Native Sons of the Golden West for seventy years, serving a term as president of Parlor 114. He was active in the Oxnard Council of the Knights of Columbus.

He spent over half a century as director of the Bank of A. Levy in Oxnard. He was a director of the Ventura County Fair Association for thirty-eight years, and was director of the California State Fair Association for twelve years. For eight years he acted as a Ventura County supervisor.

DON ADOLFO served his church in many outstanding ways. The Camarillo family donated money to build Saint Mary Magdalen Catholic Church. DON ADOLFO was instrumental in the establishment of Saint John's Seminary in Camarillo. He willed a substantial amount of money to be used by the church to build a school for nuns and a parish house. In recognition for his many contributions to the church, Francis Cardinal McIntyre presented MR. CAMARILLO with the Order of St. Gregory the Great, in the name of Pope Pius XII.

Although MR. CAMARILLO was the leading citizen of our community, this is not the reason the town bears his name. In 1898, the Camarillo family granted the Southern Pacific railroad a right of way through their rancho. When a depot was built, the railroad officials insisted upon naming the station after the Camarillo

family, despite the Camarillos' many suggestions of alternate names.

DON ADOLFO did much to make Camarillo the scenic area it is today. He had the foresight to plant the giant eucalyptus trees that form a sun-flecked arcade leading into our city. He also donated twenty-six acres for the Camarillo Oak Grove Park, one of the extensive public recreational areas in Ventura County.

The fifty acres he donated for the sight of the community high school is known throughout Southern California as one of the most scenic settings for a secondary school. The mountains, the smoothly sloping hills, the fields of grain: all these remind students of the beauty of our Spanish past and of the legacy left us by our benefactor.

Mr. Camarillo received the PTA "Life Membership" award in 1957.

Camarillo High School as seen from the air in 1956.

ADOLFO CAMARILLO made his last public appearance at a Rotary Club meeting. It is said that he caught the pneumonia which caused his death because he was sitting in a draft at the meeting. His illness was brief and he died December 10, 1958.

Because he was such an integral part of the area, his death was mourned by many residents of the county. Flags were flown at half-mast at the Ventura County Courthouse, the Camarillo Courthouse, and Adolfo Camarillo High School from Wednesday, December 10,

through Saturday, December 13.

James Francis Cardinal McIntyre presided over the Requiem Mass offered for Don Adolfo Camarillo. Over eight hundred persons attended the funeral services. The Camarillo family asked for donations to the Adolfo Camarillo High School Scholarship Fund in lieu of flowers. As a mark of respect and honor for DON ADOLFO, all businesses were closed during the Requiem Mass.

DON ADOLFO'S wise leadership, perceptive understanding of others, geniality, and versatility enabled him not only to lead an 1880 community of Spanish ranchos, but also to build and influence a city into the Jet Age.

Our thanks to DON ADOLFO. His influence and guidance extend beyond his many contributions of land for future generations to enjoy and time well-spent in developing Ventura County: He has given us a spiritual heritage not to be forgotten.

ADMINISTRATION AND FACULTY

The main purpose of our educational system is the fulfillment of the whole person. This education is achieved through the integrity and effort of Camarillo's fine faculty and staff. It is through their knowledge and eagerness to communicate that knowledge that the students are prepared to face whatever situation they meet after these four years. Protectors, pedagogues, counselors: to these men and women, we, the students, owe gratitude and respect.

It is my privilege to join the "El Alacran" staff, the Faculty and the Student Body in giving recognition to the One Hundredth Anniversary of the birth of Don Adolfo Camarillo for whom our beautiful school was named.

This occasion provides an opportunity for each of us to pause and think of the character of this great man who did so much for the Community and for the people with whom he lived. His good works will continue to benefit the lives of a multitude of people for many generations!

We at Adolfo Camarillo High School are especially grateful for the inspiration and generosity of Don Adolfo Camarillo.

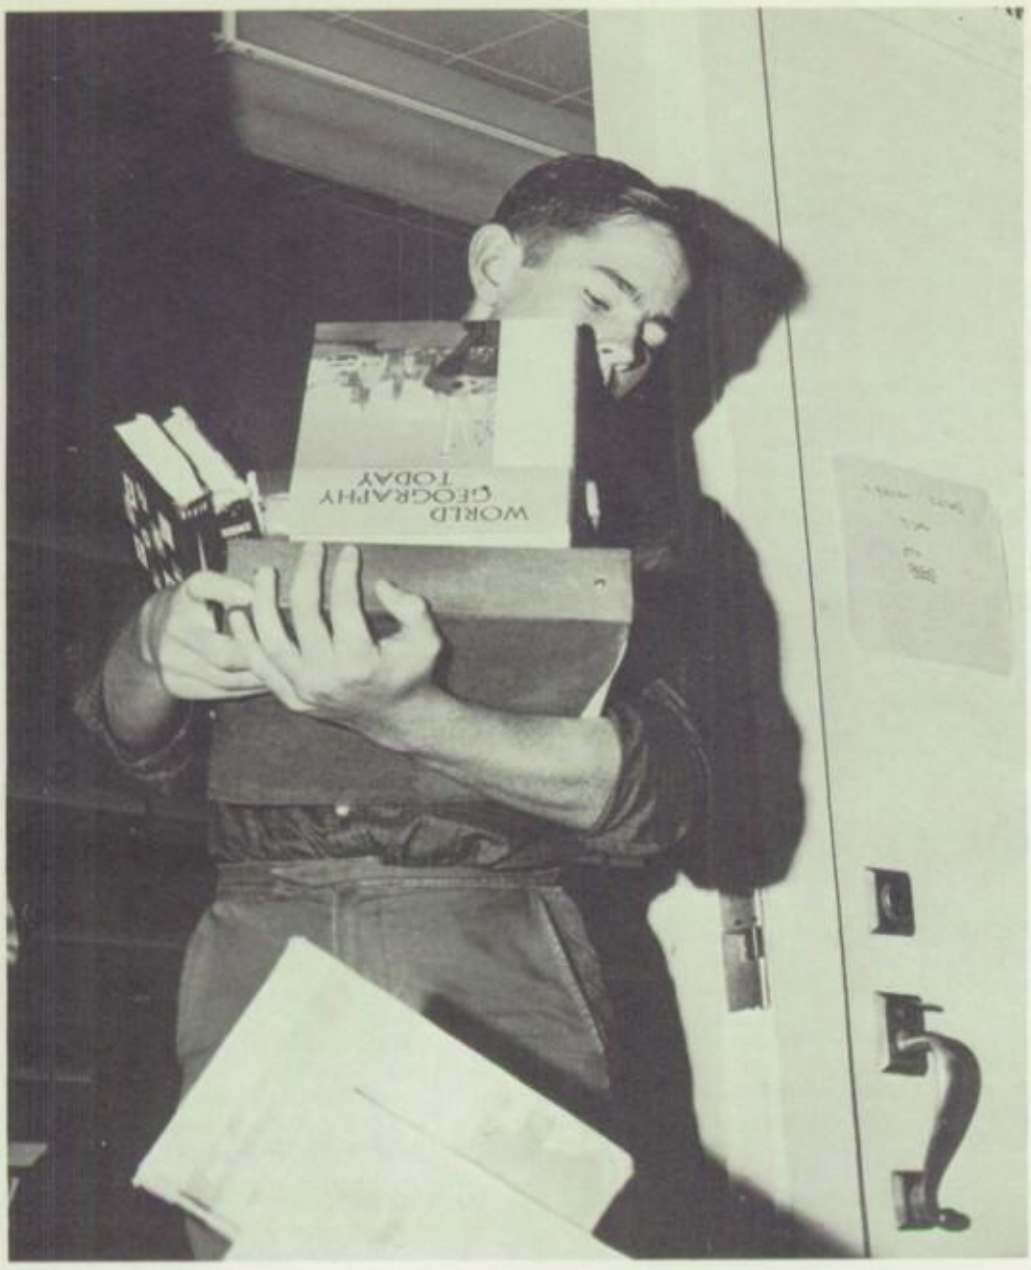
FEATURES

A portrait of a school and an academic year must record the events and activities that made it special and memorable to the students who lived it. At Adolfo Camarillo High School, we have achieved a delicate balance—our academic work is enriched rather than belittled by the wide range of phenomena that make each week a little different from the last, each season special in its own way.

We start off another year with everything in anticipation of the rush to come. New friendships are made and old ones revived after a summer of little communication.



And speaking of Fall . . . Watch it, "fella."

Fall is certainly the season of the freshman. He is introduced to the rest of the student body through "Slave Day." This gives the upperclassmen an opportunity to exercise all his imagination and the freshman a chance to show his desire to be accepted.

HOMECOMING 1964

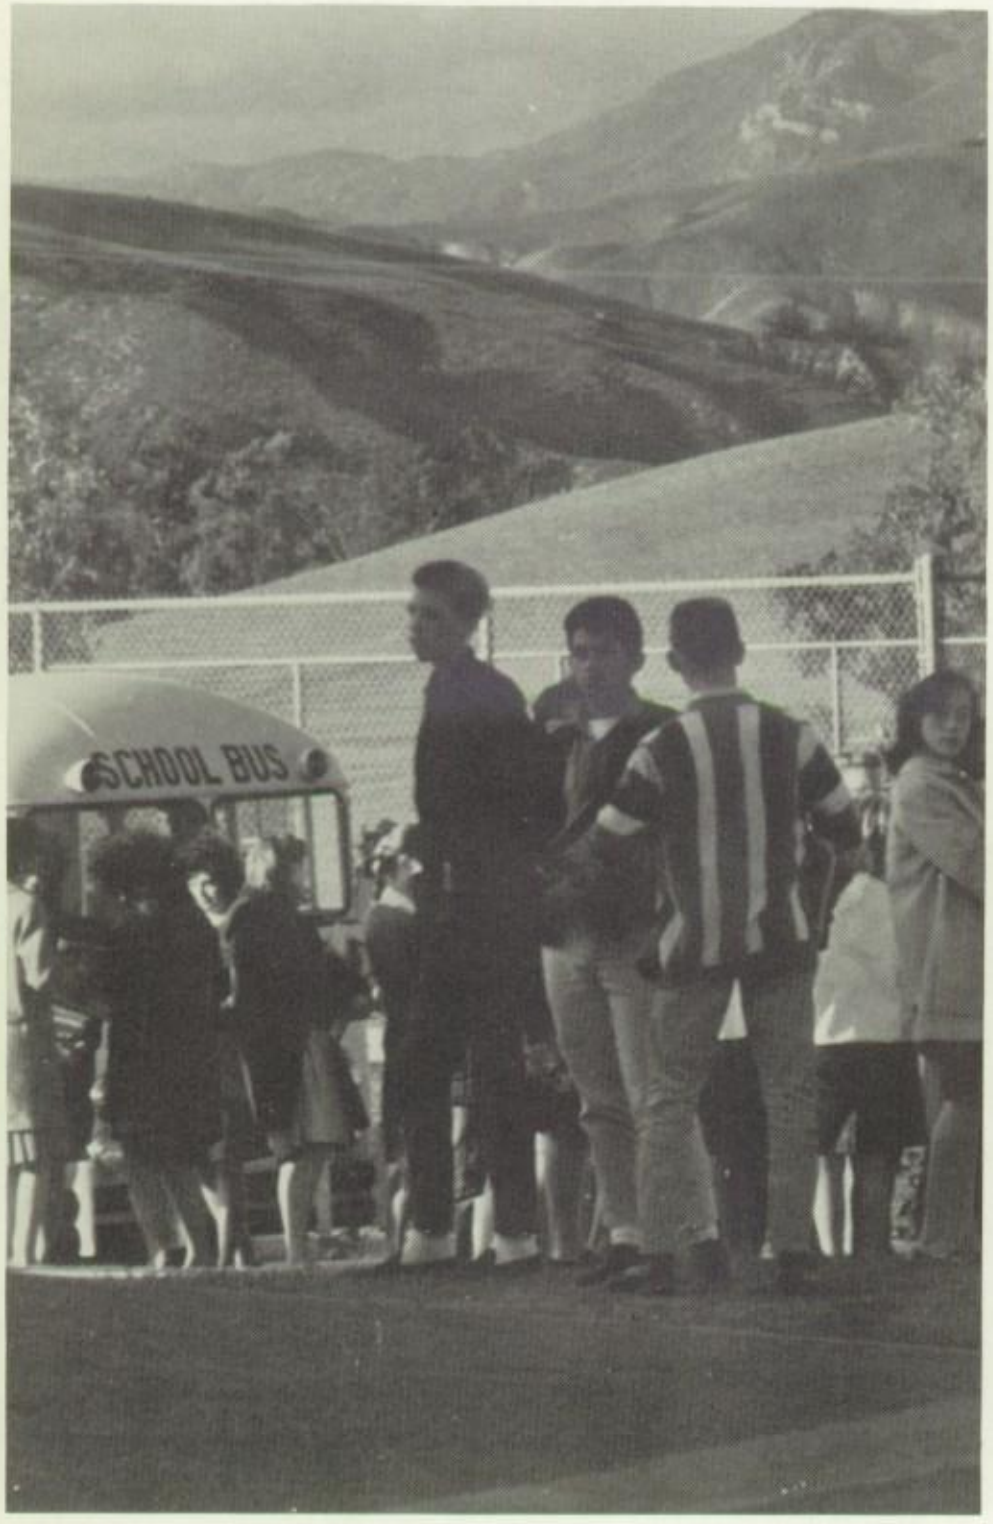
Homecoming Queen Debbie McFadden is escorted onto the football field to be crowned by ASB President Don Arehart.

The nomination of the princesses from each class took place during the lunch periods; each class was assigned a place in the lunch area where nominations were taken. The top twenty names from each class were given to the respective football teams, who chose the final nominees. They selected five girls from each of the lower classes, and seven from the senior class. Each class voted in their history classes for the princesses. Both a princess and a queen were chosen from the senior class.

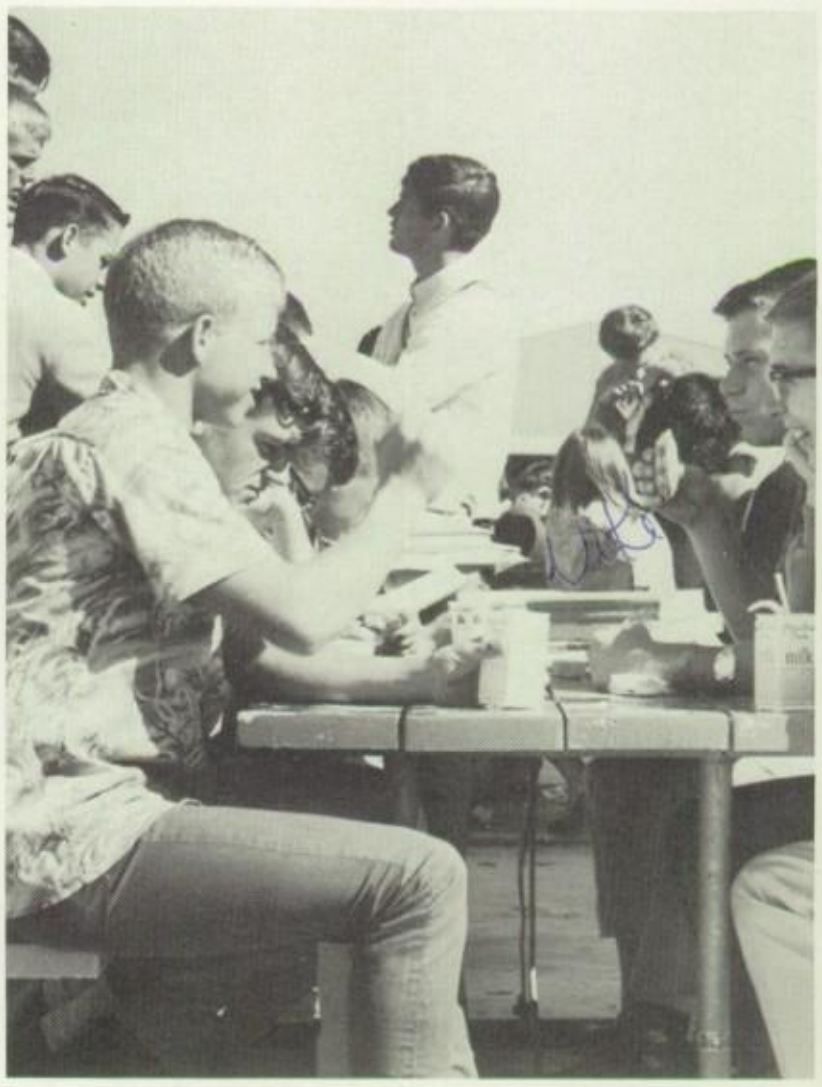
Camarillo football players assemble on the field before the big Homecoming game.

The goal posts were decorated for Homecoming; a parade was planned, but cancelled because of stormy weather.

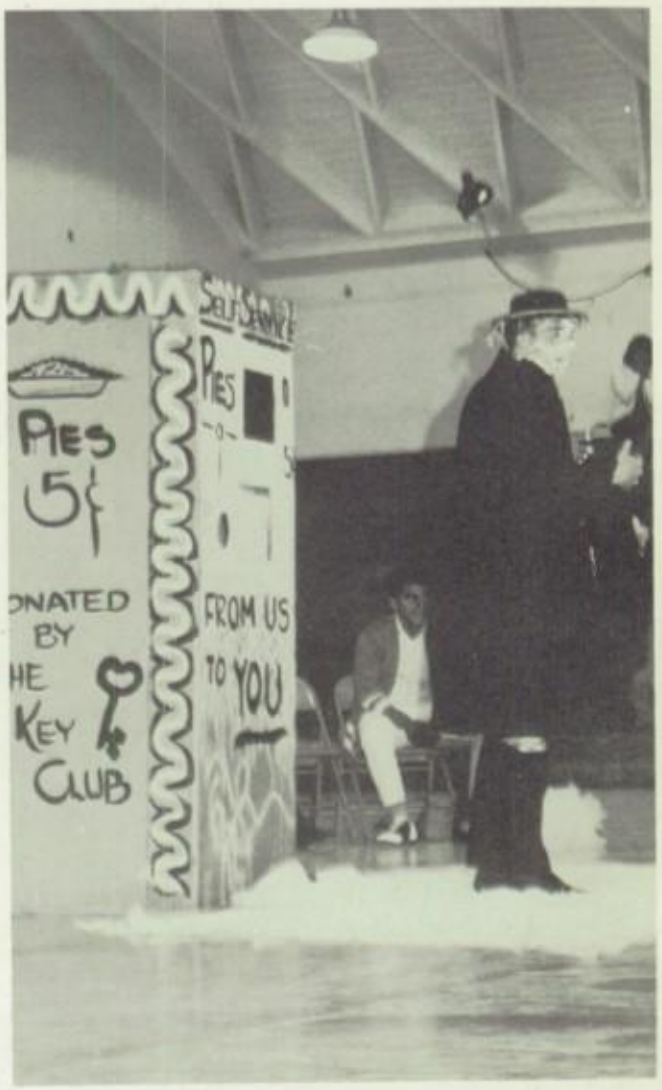
The theme of the Homecoming dance was Quiet Village, a jungle motif complete with stilted huts and tropical sound effects. Girls chosen as class princesses were, FROM LEFT TO RIGHT: Tania Popov, Freshman Princess; Lorie Hartman, Sophomore Princess; Carolyn Zaich, Junior Princess; Patti Alexakis, Senior Princess; Debbie McFadden, Queen.



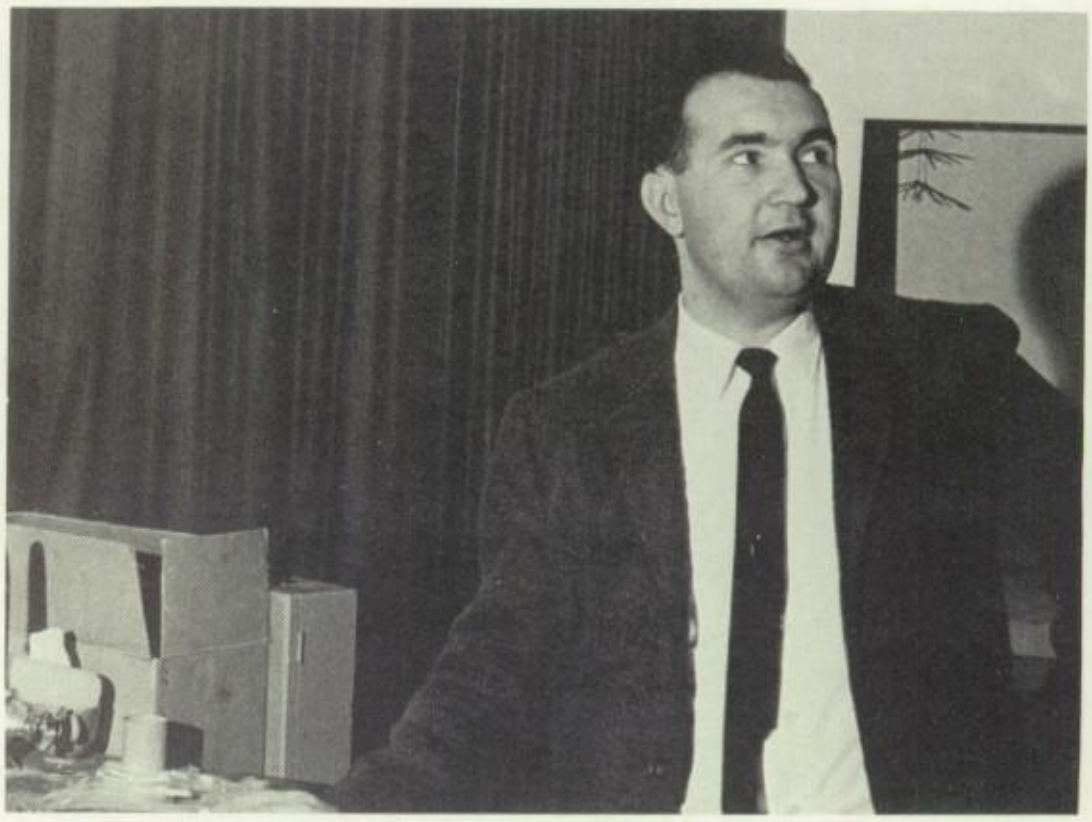
At times it occurs to all of us that we do not really spend a great deal of time in the classroom. Indeed, with bus rides to and from school, time between classes, and lunch, we often wonder when we find time to go to class.

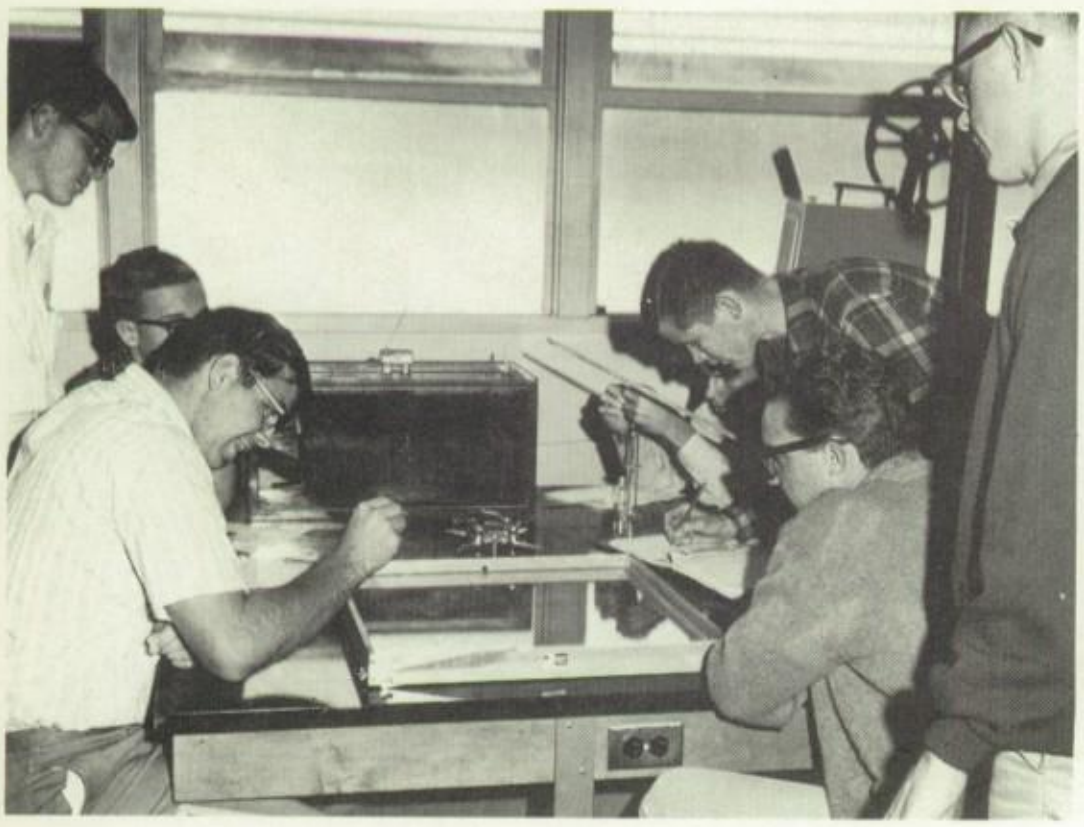


At a rally and the Christmas Assembly two of the students get their just desserts. Werner Zwehl receives a letterman's jacket and Cully Culbreth gets just what he deserves.

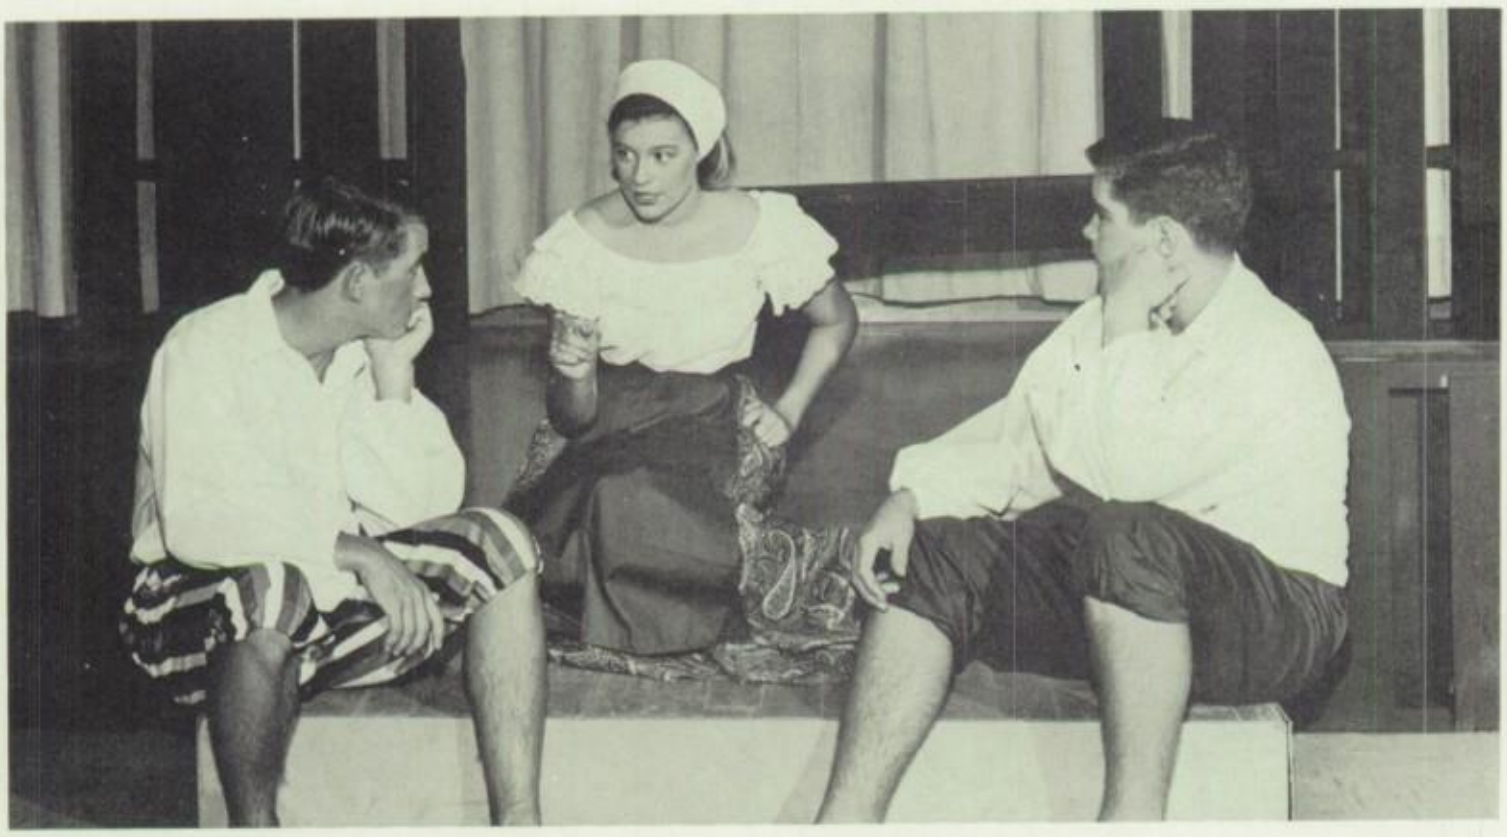


But some time is spent in class and then we work. The science classes are aflutter with activity and there are often guest speakers. Once in awhile there is the dubious honor of being unique, such as being the only girl in class.





Again we step out of the class room to show you school life. Pictured are shots of the Junior Class Play and kids working on our Christmas Float.



Vocational Arts plays a vital part in our curriculum. Many students will find their experiences in Vocational Arts invaluable in the years to come.

Driver's Education came in handy when Jan's car broke down, but it didn't seem to help the fellows' hands.

Girls' State Representative: Teddie Underwood; Boys' State Representative: Don Arehart.

Throughout the year, many students receive awards for various reasons. These awards are usually granted on the basis of good scholarship and the contributions made to school life at ACHS.

National Merit Scholarship Finalists: Pam Burke, Kay Bliss, and Ann Marie Lindstrom.

American Field Service Finalists: Lynnell Robinson, Christine Madden, Tena Walther, and Charles Barnes.

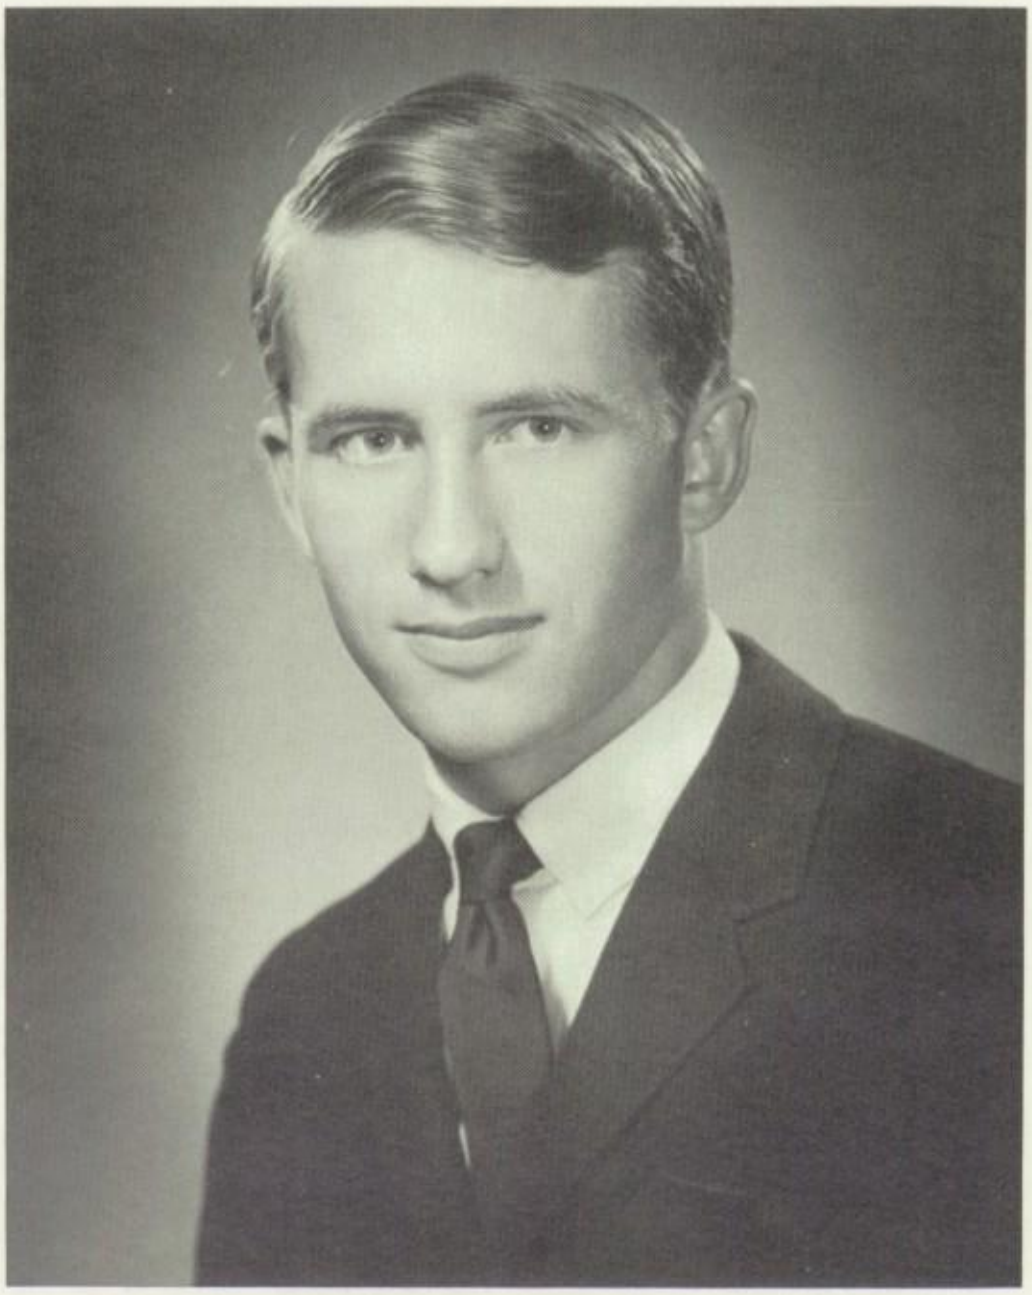
ORGANIZATIONS

Organizations on a high school campus serve as the testing ground for individual stamina, determination and ability to cooperate with others. Through the many clubs and groups established at Adolfo Camarillo High School, students may learn both leadership and, equally important, the skill of working within an organization under other students. We learn through interaction with fellow students more of human nature, of our own limitations, of tolerance toward all. Each organization fulfills an important function – both to the school and to its members.

ASB PRESIDENT



The school year of 1964-65 has been a rewarding one in many ways. As a school, we have achieved unparalleled success in all we have undertaken. Although there have been many factions and fads which would tend to dissolve student unity, I feel that we finished the year with the underlying spirit which has made Adolfo Camarillo High School great in the past.

It is my belief that we all owe to Adolfo Camarillo a silent word of thanks for it is upon his generosity that our school is founded.

As president, it has been my honor and pleasure to serve you in representing our school.

Student Council is an organization of elected representatives which governs the student body in association with Student Government class. The Associated Student Body sponsors Homecoming and all its activities.

Noon movies provide entertainment for the students and funds for the ASB.

ASB ACTIVITY

Because the Associated Student Body includes everyone in the school, activities planned by the organization are supposed to benefit all students. Most of the plans are worked out by the Student Government class and the Student Council, but many students not in either group help in these endeavors. The main ASB money-making project is the sale of student body cards. Slave day serves a dual purpose; it increases funds and helps to integrate the freshmen into the school population.

Popcorn sales, a lost-and-found service, the sale of sweatshirts and ice cream, after-game dances and inter-school events are sponsored by the ASB. Although all these activities are important, the coordination of all clubs and class projects is perhaps the major function of the ASB. Through the Associated Student Body, many students find ways to benefit both the school and themselves.

The Hut serves as headquarters for many ASB sales.

Crowds throng to an ASB sponsored activity in the gymnasium.

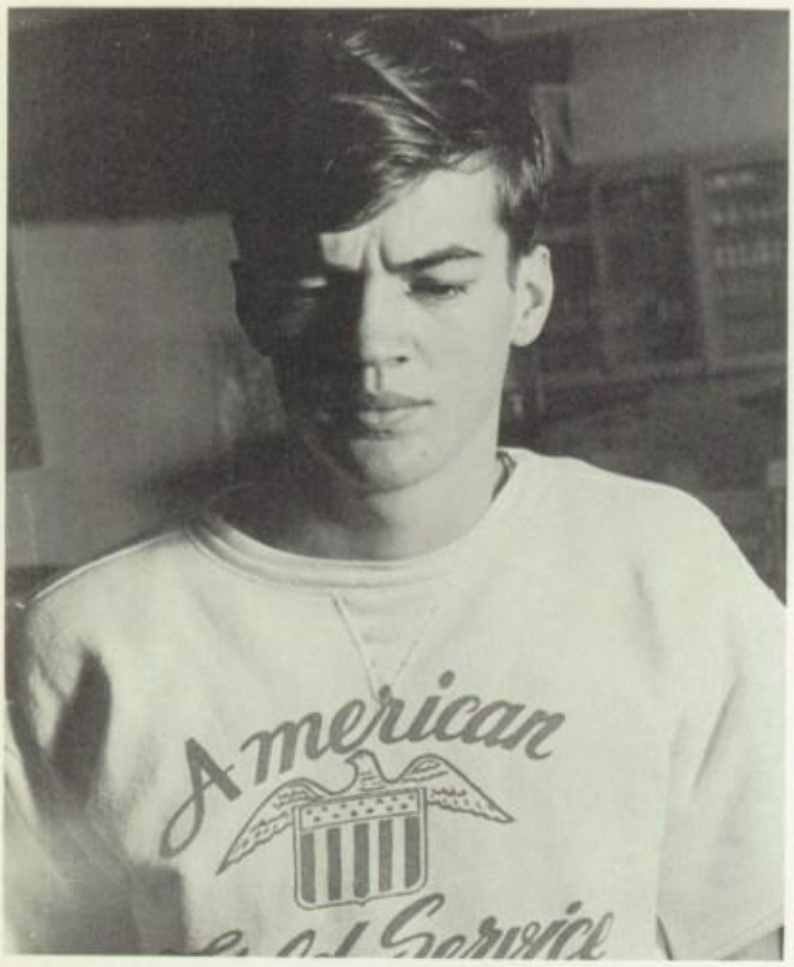
The American Field Service is the club that is really the friend of our exchange students. The members of AFS are interested in learning about countries and want to promote good relations with students in other countries. Not only do the members of the club help the foreign exchange student adjust to American schools, but many of the members have tried to become exchange students to other countries through the Americans Abroad program.

The club meetings are usually centered around a guest speaker and slides of another country. The chief activity of AFS is the presentation of a talent show to raise money to bring an exchange student to our school.



It was through the American Field Service, a program of exchange for high school students, that Werner Zwehl enrolled at Camarillo High.

WERNER ZWEHL

As You Seem to Me!
by Werner Zwehl

After I wrote my application for an American Field Service scholarship, I had to wait for almost one year to get the definite answer.

It was a long year of waiting and hoping. But it paid off. Very soon, I was on board the "Seven Seas" together with 940 Europeans headed toward New York. I went on by plane to Los Angeles to be met at the airport by my new family.

Now I was really in "the dreamland" California, giving me the second summer in a row (your winter being like our summer). I was very busy learning "American" because I had studied English in school. Also important to me were football and tennis, the structure of an American school, and the more informal attitude of the teachers. Europe is the country of the old traditions, institutions and customs. Therefore I had to find new and different ones in California, as she is much younger.

It was different to have school the holiday, school sponsored social activities, school dances, and noon movies. In my mind Americans were supposed to chew gum and many did (**of course** not at school). Also, it is a fine idea to have Saturday off, but there are too many tests on Friday. Very surprising was that the "Kids" have cars so young.

One custom which I do not approve is paying for the girls on dates. In Germany we have "Dutch Treat" which is much cheaper.

The most important thing was, of course, to meet and get to know American people, to learn the way they think, act, feel and get a greater insight into the American way of life, or on the other hand to teach them about Germany and the importance of a re-united Germany.

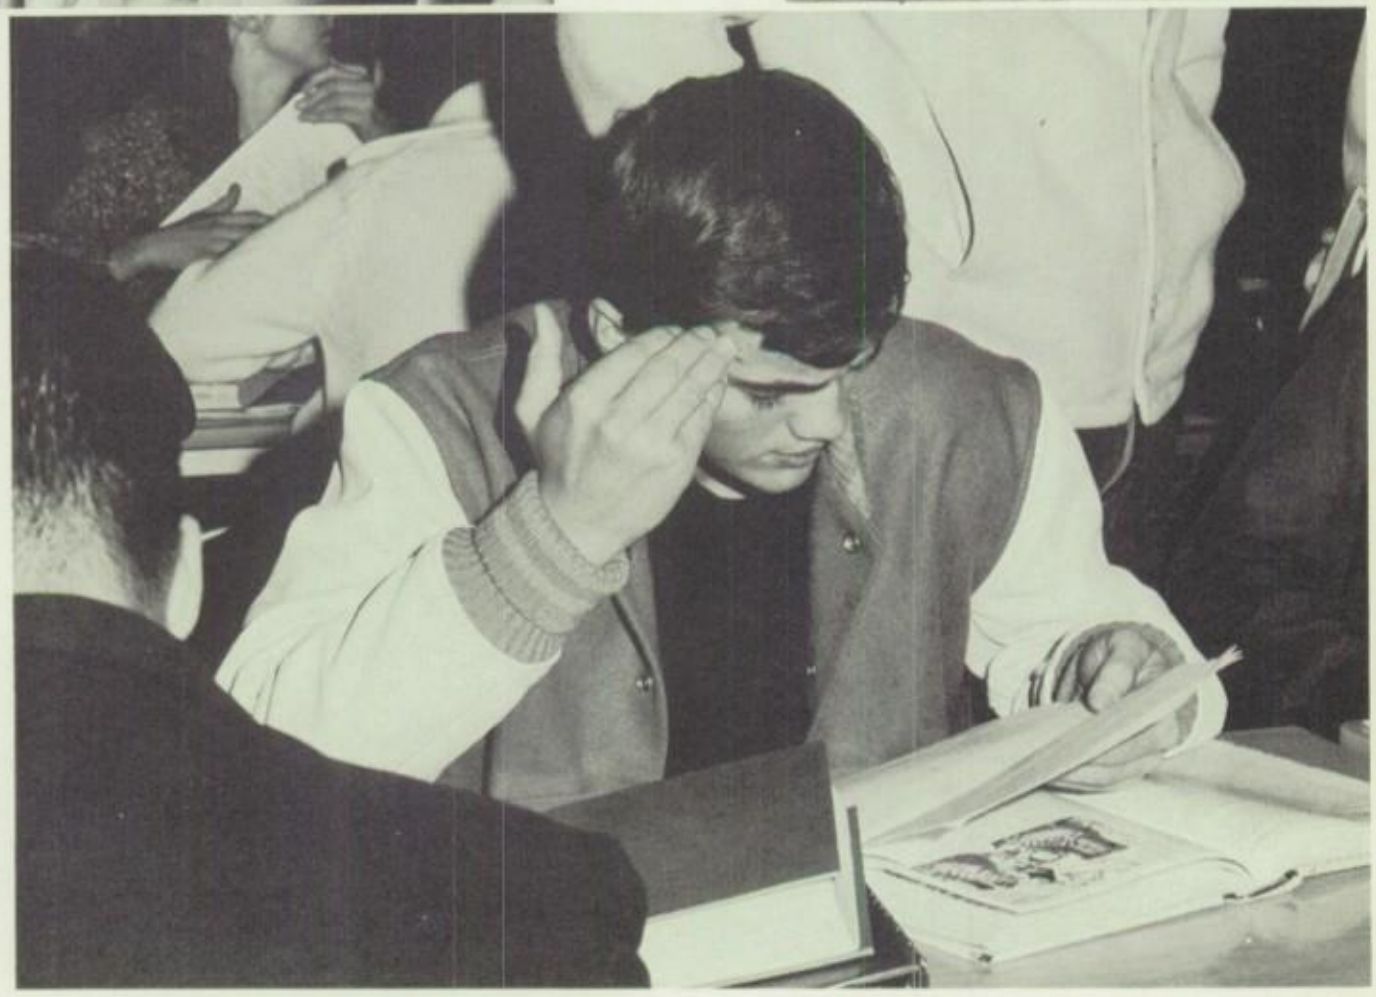
During this year I made many friends and found a family which gave me always the feeling of being at home. I think I'll always remember the good experiences I had in California and at Camarillo High School.

As He Seems to Us
by Melinda Miller

When we first applied for a foreign exchange student in October, 1963, the whole thing was a great dream from which we all expected to someday awake. The only time since that we have come close to waking up was on August 17. When we went to pick up Werner at the airport, with eighty-nine other students, all with the same terrified expression on their faces, we didn't see how we could ever find our new brother. But as the students started filing past, we recognized him right away.

Now, every day brings new experiences, with new views on many subjects concerning foreign and domestic ideas. We are always finding new things to do, both of American and German origin. The language problem is almost nonexistent.

Werner's family in Germany is very much like our own here. Through our communications with the Zwehls, we have come to know a new country and a new way of life. This year with Werner has been a wonderful year, a time we will never forget.



Although few students can pronounce his name, Werner Zwehl has been hailed as one of the most popular exchange students to come to Camarillo. His outgoing personality and enthusiasm have enabled him to become a "typical" student; he is a member of the football and tennis teams, an active member of Key Club, Vice-President of American Field Service and active in Student Government.

BOYS' FEDERATION

Bill Lev, Treasurer; Marty Lenk, Sgt.-at-Arms; Steve Young, Executive Committee; Tom Johnson, President; Randy Rosser, Vice President; Jim Wusthoff, Secretary.

The purpose of Boys' Federation is to raise standards of dress, speech, courtesy, school spirit, and citizenship for all boys at Adolfo Camarillo High School. Boys' Fed hosts such activities as the Boys' Assembly (which this year featured a talk by Bobby Smith of the Los Angeles Rams), the Christmas Dance, a sports night, and the Mad Dance in the spring. A one hundred dollar scholarship is awarded to a deserving senior boy who does not qualify for other scholarships. Mr. James Reser and Mr. Claire Smithback sponsor Boys' Fed.

Boys' Fed sponsors "Rec Nights" throughout the year.

GIRLS' LEAGUE

Girls' League, the second largest organization on campus, is a club open to all girls. It is designed to bring the girls at Adolfo Camarillo High School closer together and to promote civic and school understanding. The main events on the Girls' League calendar is the Valentine Backwards Dance, with this year's theme as "Sayonara." Other important activities are the all-girls assembly and the spring "Mother-Daughter Tea."

CALIFORNIA SCHOLARSHIP FEDERATION

LEFT TO RIGHT: Kay Bliss, President; Sue Kessler, Recording Secretary; Linda Sullivan, Corresponding Secretary; Teddie Underwood, Treasurer; Darla Duncan, Senior Representative, and Bob Rust, Junior Representative.

"Scholarship for Service" is the motto of the Camarillo chapter of the California Scholarship Federation. Established in recognition of outstanding scholastic achievement, membership is limited to those students who maintain approximately an A-minus average. California Scholarship Federation has many privileges afforded no other club on campus; each semester the group is allowed a field trip and assembly during school time. The first semester field trip took the group to Olvera Street and **My Fair Lady,** while the assembly was a lecture by I. O. Schmaelze on college admissions. Camarillo's CSF also participated in the district Knowledge Bowl and awarded four scholarships to deserving seniors. Mrs. M. Dean and Mr. R. Rutherford are advisors to the club.

FUTURE TEACHERS OF AMERICA

The Future Teachers of America is a club dedicated to the task of revealing the facts about teaching to students interested in the profession. Frank A. Cellucci, sponsor of FTA, planned various special programs for the club: films, specialists as guest speakers, bake sales, and club projects. The major activities of the group were a trip to either a public or private school to observe teaching methods and a field trip to one of the regularly-scheduled education institutes held in Los Angeles.

Camarillo is fortunate to have one of the thousand chapters in the United States. NFL has a system of advancement by which the members earn degrees of proficiency through the winning of points in competition.

Our NFL chapter competes twice a month in tournaments with Los Angeles schools. During January the club sponsored a county-wide tournament at Camarillo. Members of the club competed in speech contests sponsored by the Lions Club, American Legion, and Native Sons of the Golden West. Mr. Earl Sherman coaches the speakers and is sponsor of the club.

One of the most important parts of our outstanding music department is the Madrigal Choir. It is a select group of students chosen because of their superior voices and musical abilities.

The Choir is the smallest of the vocal groups. During its daily class period, the Madrigal Choir polishes the selections it presents at annual Christmas and spring concerts, Parent Faculty Meetings, the county concert, and in competition.

Since the Choir is a performing group, the members have concert clothing. The boys wear white dinner jackets while the girls have black-and-white floorlength dresses.

ART CLUB

One of the most talented and creative groups in the school is the Art Club. The activities of this club include the painting of a gigantic scorpion on the football field for the Homecoming decorations and the construction of decorations for the Christmas dance. An art award was presented to the outstanding senior at graduation.

THE STINGER

This year the STINGER has been a publication dedicated to the coverage of campus activities and the awakening of student thinking. Mr. Patrick Forrest, advisor, and Bill Moritz, editor-in-chief, were the main forces behind the eight-page newspaper. The chronicle consisted of editorials, news articles, book and movie reviews, a sports section, photographs, a gossip column, and a student comic strip. Tena Walther and Nancy Korsten were business managers, Bob Decker and Herb Kouns were the official photographers. Howard Wallin was in charge of the art, and Bob Ketola was sports editor.

Proposed Constitution for
Inter-Club Council
Adopted 1965
Article I
Section I The name of this organization shall be "Adolfo Camarillo High School Inter-Club Council."
Article II
Section I The purpose of this organization shall be to coordinate the efforts of campus clubs and student-affiliated organizations of Adolfo Camarillo High School, and to have the membership of clubs represented in the Associated Student Body Executive Cabinet and Student Council

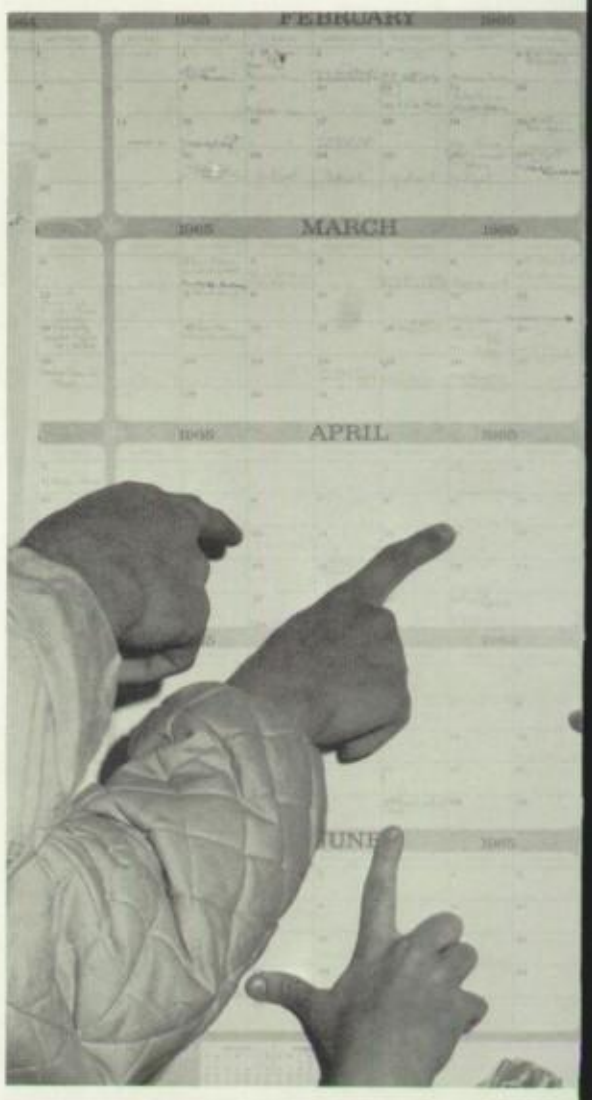
Members of the Student Government class drafted a constitution for an executive council designed to coordinate activities of campus clubs.

Each campus organization has its own cash box, all kept together in the office safe.

INTER-CLUB COUNCIL

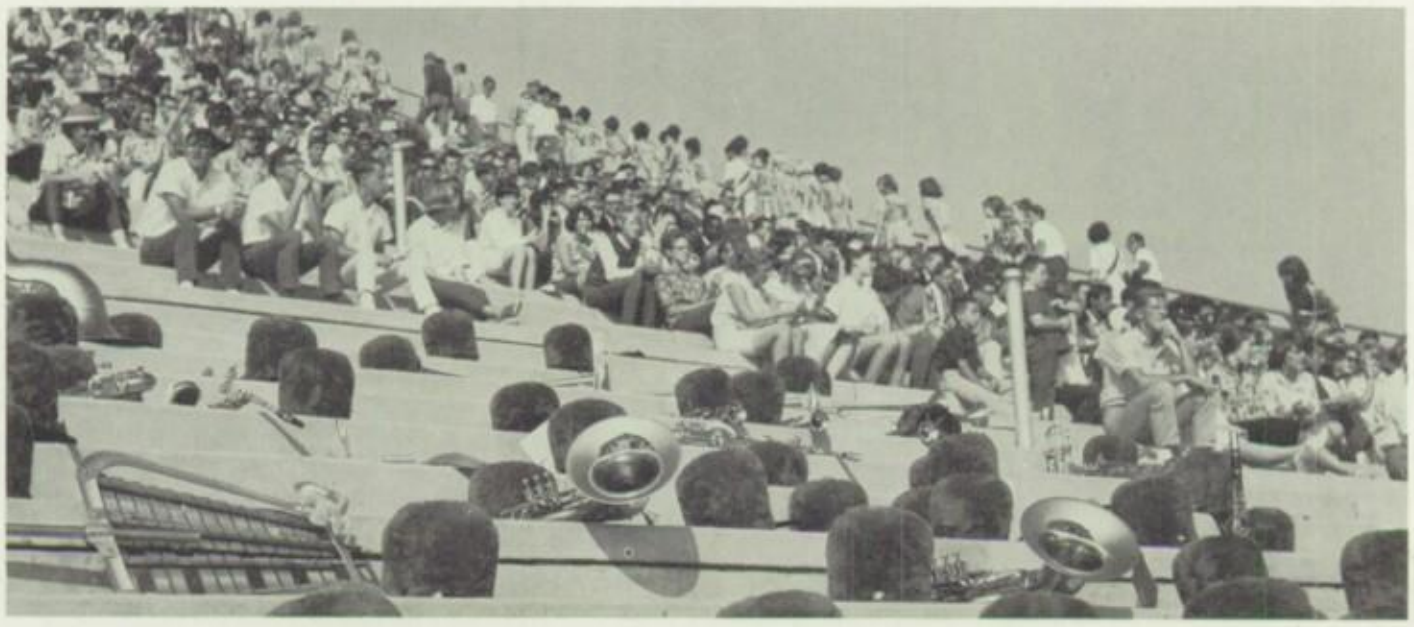
Dances are sponsored by individual clubs as well as by the Associated Student Body.

Many clubs entered representatives in the annual AFS Variety Show.



Activities must be cleared through the main office and listed on a calendar that handles all organizations.

All clubs share in a concession pool centered at the hut.



Drill Team and Band, two organizations represented in the Inter-Club Council, form an important part of the entertainment during football season.

Various organizations sponsor after-game dances; funds earned go into a pool in which all clubs share.

Trophies gained in many categories of activities stand proudly in the main case in the cafeteria.

The purpose of Block "C" on campus is to provide a means through which varsity lettermen at Adolfo Camarillo High School can give service to their school and promote the ideal of scholarship and athletics. Members of the varsity football, basketball, wrestling, track, tennis, and golf teams are represented in the Block "C". Mr. Charles Dunn and Mr. George Ragsdale sponsor Block "C".

The Girls' Athletic Association is an important club on campus since there are no inter-school sports opportunities for girls. The GAA provides sports activities for girls and provides competition in those activities. The GAA primarily meets the needs of freshmen and sophomore girls. Sports days are held with other district schools. GAA awards are presented at the end of the year at a banquet. Miss Aslakson and Miss Headlee sponsor the GAA.

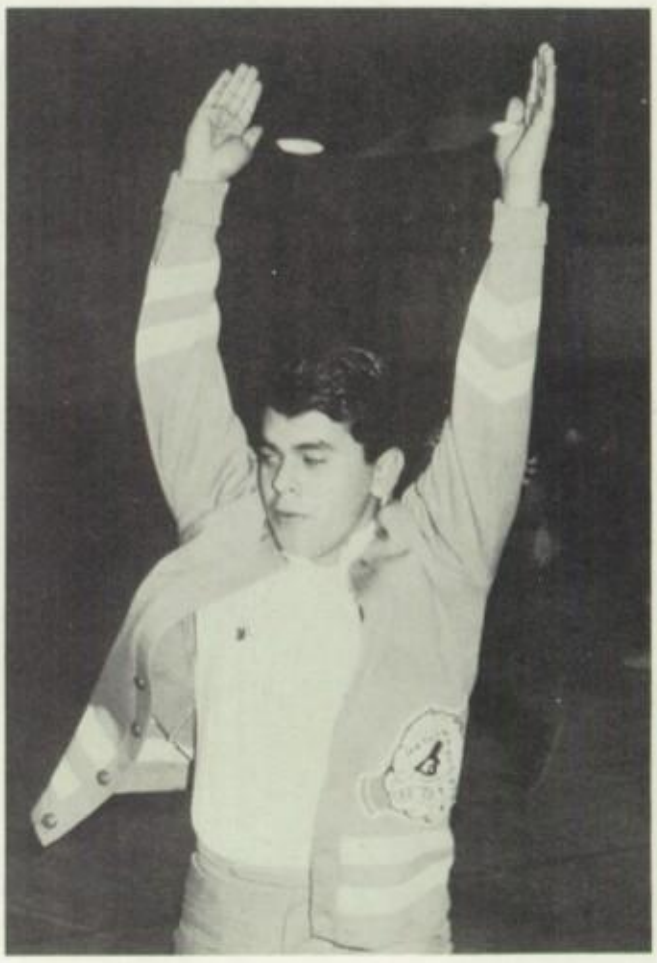
SPORTS

Ted,
A real neat
guy and a good
Athlete. Good luck
next year in everything.
Jim

Athletics in high school is an intensely important part of campus life. What could possibly substitute for the excitement of a rally on the afternoon of a big event, for Homecoming's glory and spirit honoring our outstanding football players? Our cheerleaders, mascot, and songleaders are a part of this too—leading spirit and enthusiasm to urge our teams on to victory. And in victory or defeat, our athletes gain skill and experience, building toward finer health and stronger knowledge of good sportsmanship.

CHEER-LEADERS

LEFT TO RIGHT, Cheerleaders: Paul Medina, Head; Vicki Houle, Crissy Alexakis, Margie Simmons. Scorpy: Polly Housley.



My hands are lethal weapons . . .

Stand up, sit down, fight, fight, FIGHT!!

It is the responsibility of the cheerleaders and songleaders to control the enthusiasm of the crowd and to channel the yelling into constructive encouragement for the teams. Their ingenuity is taxed to provide stimulating and interesting pep rallies. Their leadership is felt not only at the rallies and games but in all phases of school life.

SONG-LEADERS

SONGLEADERS, BACK ROW, from Left to Right: Carol Zaich, Sue Kempster, head; Cheryl McDonald. FRONT ROW: Paula Philbrick, Janice Hartman.

Fight for Camarillo!

Go, team, Go!!

Songleaders perform between quarters.

VARSITY FOOTBALL

The Scorpion Varsity football team had a fair season this year with a 3-6 record. Though the Scorpions were plagued with a record number of fumbles, they beat Simi, San Marcos, and Ventura. The team ended the season with a 2-3 league record, tying with Ventura for third place.

Mark Lepper was named All Channel League offensive guard, and John Kromka, All Channel League linebacker. Mike McKee, Larry Capdeville, Terry Cooney, and Mike Morgan received Honorable Mentions in the League.

We should give much credit to our great coaching staff —Head Coach Jack Lercari, and Assistant Coaches, George Ragsdale, Don Brockett and Tommy Starnes.

VARSITY BASKETBALL

This year's fine Varsity squad well merited the name Camarillo Scorpions. The boys came through very strongly; many juniors were on the team which will help next season.

Basketball turned out to be a popular sport among Camarillo's student body; full stands bespoke spirit and enthusiasm at many games, and rallies helped to encourage crowd participation. Among the many memorable games, the fantastic Faculty-Senior basketball game will stand out in the minds of participants and spectators.

Much of the boys' success must be attributed to the coaching of Coach Dunn.

Camarillo's Cross Country squad brought forward many fine runners this year. WRESTLING

The Scorpion Mat Men were very successful in their second season at Camarillo. They won most of their matches and qualified many members of the team for CIF. Increased enthusiasm for the sport, indicated in the large attendances, urged the grapplers to many victories. With many returning team members, next year will prove to be an even greater year for this great sport.

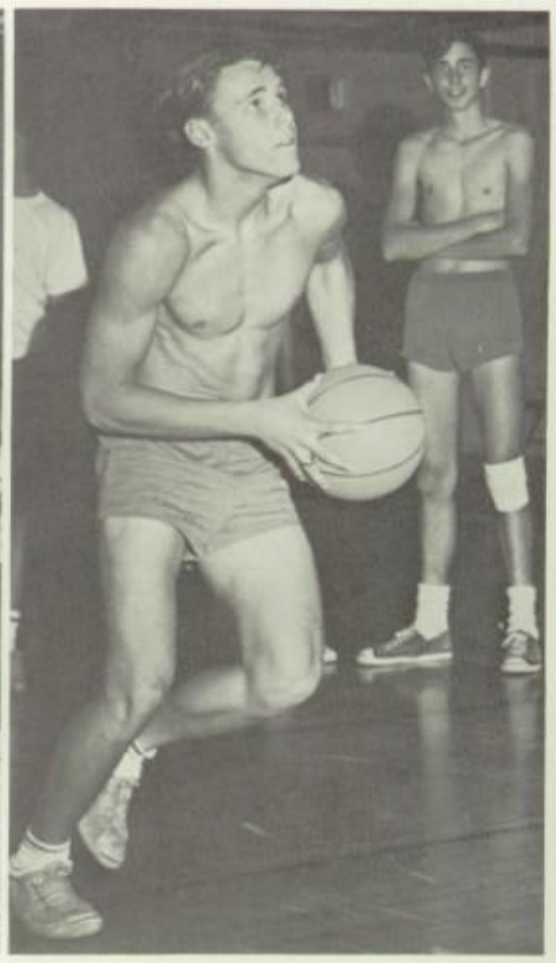
BOYS' P. E.

In the middle of an exciting basketball game.

Many of the boys enjoy soccer.

Unless they are going out for a sport, all boys are required to take physical education. Emphasis is placed on physical fitness and the courses are organized with this in mind. As all the boys know, P. E. would not be complete without mention of "running the stairs".



The boys take tests in bar dips, pull ups and other exercises.

The girls practice for a final modern dance.

The beginning of a strong golf swing.

A part of every girls' day at ACHS is physical education. All girls are required to participate in this class. This class gives all girls a chance to develop skills in the various sports offered, and gives them a period of relaxation.

A lonely and battered target.

Soccer games are often hilarious.

GIRLS' P. E.

CLASSES

A class section is often a catalogue of faces and jumbled names. Yet when one stops to consider that the entire system of education is based on each of 2200 students as individuals as well as statistical masses, each face becomes a complex organism, capable of training and being trained. Our classes are fiercely proud of their identities; seniors sit in special sections in rallies, sophomores outcheer juniors, freshmen wait with eagerness for the time when they will enjoy upperclass privileges. We are a part of a class which is a part of a school; yet we retain our individuality.

Senior year is more a feeling than a fact. It's the happy feeling of running down the halls, not caring how you look. Of being a swaggering sergeant-at-arms at pep rallies. Of knowing what is going on and of offering experienced advice to a freshman. It's the frantic feeling of thinking that you can't possibly get everything done. Of knowing that you have to crowd a lot of fun into the one final year before the world beckons. And it's an uncertain feeling of concern and anticipation for the future.

A typical senior activity—eager little devil.

Perhaps the most prized of the senior privileges is the senior patio. This special section enables the seniors to eat, wander and cogitate without disturbance from "underclassman peasants." It entitles them to a separate cafeteria window, a juke box, and picnic tables. The tables are painted blue and gold, with CENTAURS and CLASS OF '65 emblazoned on their surfaces. The senior chomping ground was enlarged when the Class of '64 willed to this years' seniors a specially fenced patch of grass, which is off limits to the underclassmen.

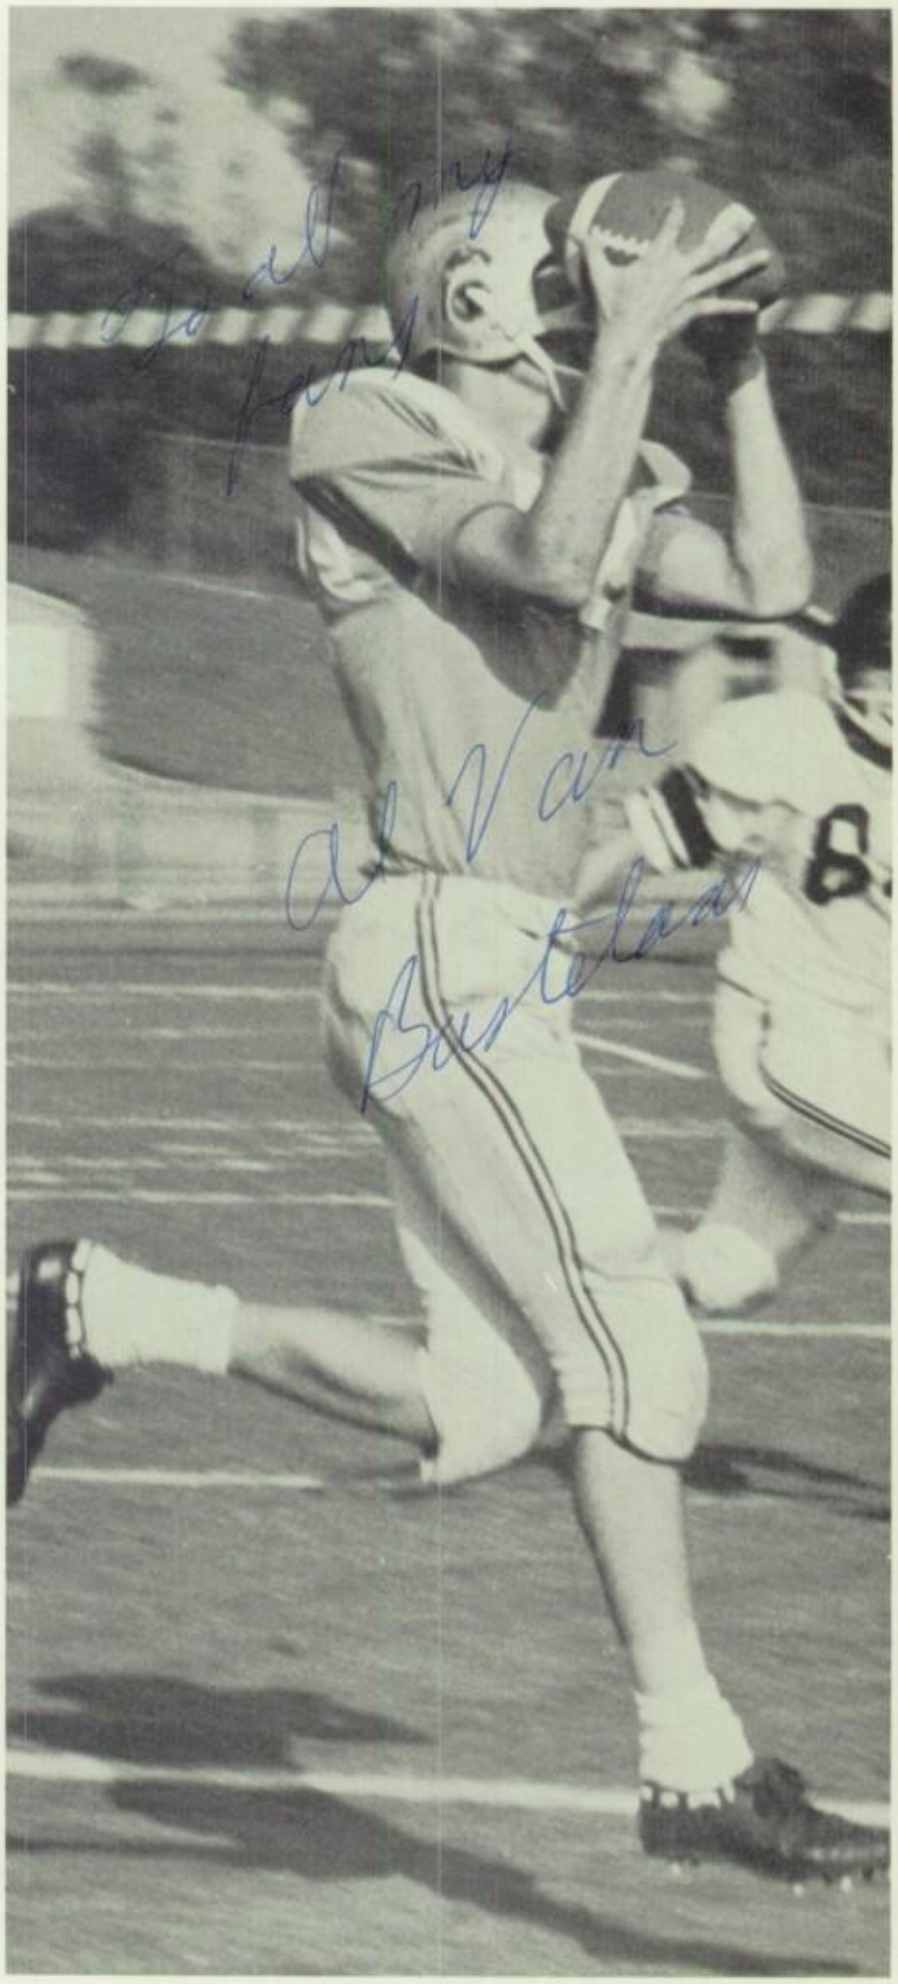
Senior leadership is shown in all aspects of campus life. Upperclassmen excel in each of the many sports at Camarillo; senior football and basketball players have won for the school a wide reputation for skill and good sportsmanship.



Being a senior is dances, games, rallies, and feeling important. But it is also homework, finishing a term paper at three A.M., going to class with the hopeless feeling of not knowing the material for a test. Even outside activities cannot eclipse the realization that there is much to be learned before graduation and not enough time in which to learn it. Studying plays a more important role in seniors' lives than they care to admit.

After much confusion and discussion, the Class of '65 chose as its emblem the centaur, a mythological combination of man and beast. Its goal for the year was expressed in the noble slogan. "To attain perfection." Senior sweatshirts, parkas, picnic tables on the patio and decorations for graduation all displayed regal blue and gold, the senior colors.

The counselors are swamped with questions. Uncertainty looms ahead. Every senior knows that this is his last year of routine at Camarillo. Some students will go on to college, some will enlist in the Armed Forces, others will be married or find a job. Whatever our hopes and dreams, the future remains a challenge.

Of the four years in high school, the most difficult seems to be the Junior year. This is the year of tests, some of which greatly influence future plans. This is the year of academic effort, when it really seems to matter that we are being offered education for life. The class sponsors many activities; the Junior Play is presented in the fall of the year and the Junior-Senior Prom, the biggest social event of the year, is given in the spring in honor of the Senior Class.

At graduation, the Junior boys act as ushers and Junior girls participate in the Ivy Chain, a part of the commencement pageant. Activity builds upon activity as the third year prepares young men and women for the privilege and responsibility of being a Senior.

And this is a Junior activity?

In Memoriam

CITIZENS OF THE WORLD

"We are in danger of developing a cult of the Common Man, which means a cult of mediocrity. But there is at least one hopeful sign: I have never been able to find out who this Common Man is. In fact, most Americans, and especially women, will get mad and fight if you try calling them common.

This is hopeful because it shows that most people are holding fast to an essential fact in American life. We believe in equal opportunity for all, but we know that this includes the opportunity to rise to leadership in other words, to be uncommon.

Let us remember that the great human advances have not been brought about by mediocre men and women. They were brought about by distinctly uncommon people with vital sparks of leadership. Many of the great leaders were, it is true, of humble origin, but that alone was not their greatness.

It is a curious fact that when you get sick you want an uncommon doctor; if your car breaks down you want an uncommonly good mechanic; when we get into war we want dreadfully an uncommon admiral and an uncommon general.

I have never met a father and mother who did not want their children to grow up to be uncommon men and women. May it always be so. The future of America rests not in mediocrity, but in the constant renewal of leadership in every phase of our national life."

Herbert Clark Hoover
Sir Winston Leonard Spencer Churchill

Sophomore, from the Greek, means "wise fool". Having endured being a Freshman for nine months, the Sophomore enters his second year of high school certain that he is both knowledgeable and shrewd, mature and adroit. Strangely he finds himself swamped with homework and groping through Julius Caesar, world history, and geometry. He has also become startlingly class-spirited and is quite willing to proclaim the natural superiority of his class to the world at large. Having lost the awe-struck wonder of the Freshman, the Sophomore has not yet acquired the blase attitude of an upperclassman. He finds himself beautifully between the two.

Editor-in-Chief Pam Burke: FRUSTRATION.

Lay-out Editor Alex Boyes and assistant Linda Sullivan check pages before they are sent to the publisher.

ABOVE: Holly Sherman, Art Editor, spots photos of student leaders. BELOW: Feature Editor Ann Marie Lindstrom and Roy Murray, chief roustabout, research Scorpion standings from the Daily News.

Melinda Miller, Assistant Editor, doubles as lay-out assistant, while frantically meeting the deadlines.

Copy Editor Kay Bliss carefully checks organization type before completing a page.

Teddie Underwood, Business Manager, records receipts from successful sales campaign.

Rorie Ann Rutt, Copy Editor, determines what copy remains to be written.

Policies are determined in councils of war.

Mindy Grant proof-reads linotype sheets to be sent to Kansas City.

Many checks and re-checks must be made before any page is considered suitable to print. Paul Boisvert, Cheryl McDonald, and Gene Nicholson proof copy with student index.

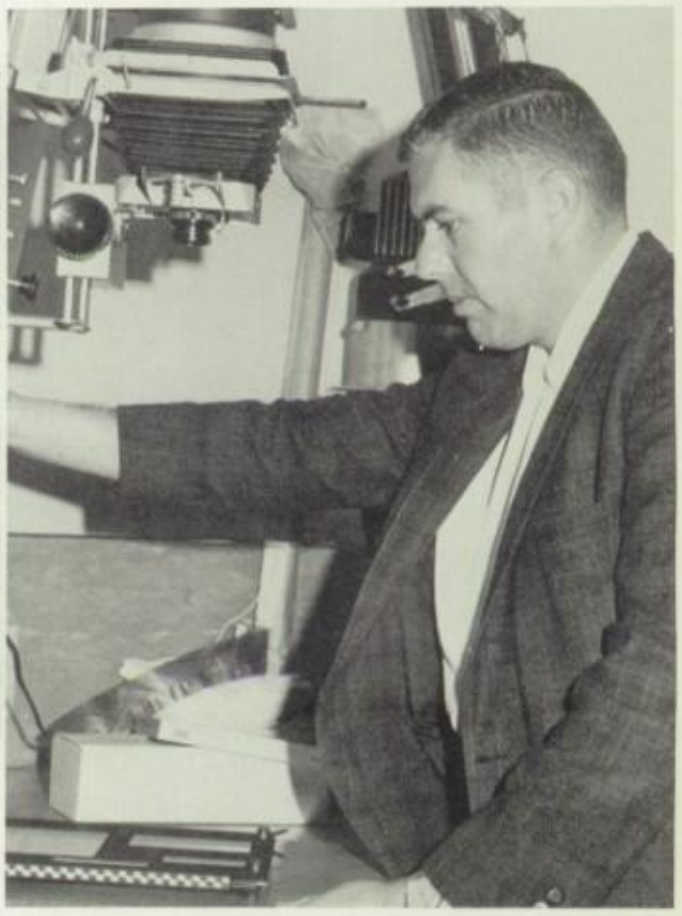
Bob Decker determines the light setting for an indoor shot.

Unusual pictures from unusual angles—Herb Kouns prepares to shoot tennis players.

The staff learned darkroom techniques and procedures as well as the art of taking pictures. Davis Hayden selects negative for printing.

El Alacran owes much to the fine photography of Mr. Rod Embry.

Mr. Perry Heron handled the sales and publicity for **El Alacran.**



Production of a yearbook involved many afternoon and evenings of solid, hard work.

Mr. Ron Yung spent countless hours planning, coordinating, picturing supervising and, in reality, teaching the staff its functions. His sponsorship was invaluable.

El Alacran was conceived as a portrait of Adolfo Camarillo High School—a graphic memory of the nine months we have spent in learning here. We, the staff, have labored long and hard to record the images that will recall this year to you. We have come to realize that high school curricula must educate the whole man—through examples set by such personages as Don Adolfo Camarillo, the Honorable Herbert Hoover, and Sir Winston Churchill, we see the need to train able citizens as well as capable students.

We have learned much here—of the man who dedicated the land for our school, of those presently involved in its operation, of the techniques in the publication of a yearbook. I would like to express my gratitude to those who gave generously of their time and effort in this production: **El Alacran,** 1965.

Pam Burke, Editor.

Theodie,

It was fun sitting by you in German - Even if you always got A's & I didn't! Best of luck always I hope you'll always have happiness & success throughout your life —

Sandi

Theodie —
Nice sittin' by ya in Geometry this yr. I'll probably see you next year - if we sit in alphabetical order I'll probably sit by you. Aren't you lucky?

Best Wishes,
Carol Williams

This page is for bitchin' people only.

Theodie —

I'm going to write on this page because I'm bitchin'. To the second-best base coach - next to me. Good luck next year as a big-bat junior

Theodie,
You're a real fine guy, and a pretty fair basketball player. Just keep up the practice, and never lose (Advice from a future pro.)

To Theodie

The best friend I've had.
Hope to keep seeing through the
summer and naturally when
school starts we are going to
be the best two first string ends
the school has ever had. Right?
Well don't forget to stay in shape.

Good Luck always
your Pal
Buddy

—Theodis—

To the only guy who made an

A in Mrs Butler's Nurses. Best

luck always to a fellow Texan (even

if he's from Dallas)

Steve Dittlinger

Theodie!
Best of luck
in the future at
C.H.S. Have fun in
whatever you do. Your
a real sweet guy!
Lots of fun!
Jayce

Theodi
I like to follow
you with the hall
because your tall and
I get protected. and I
love you. Lots of luck
as a big
junior
Linda

Good luck next year,
and I hope you always make
C.S.F. (but not with
them me). You'll probably
get better grades
you in algebra, and you'll be
(Remember grades again - oh
writing notes in the sun when
saved all of them!

Es [illegible] mich sehr in
deinen "Annual" zu schreiben.
Hoffentl. wirst du Glück d/s
nächste Jahr haben!

Have fun
in your upperclassmen
years at CHS. One way
to think of two years is
8 sets of finals and about
15 term papers. Cheerful, huh?
But think of them as two
football and two basketball seasons
and two Christmas and two Easter
vacations and you will
manage to pull through.
See you in "Algebra II and Trig"
Sally Monk

Theodie,
It's been more
or less a panic to
Butler, I love to give
her a bad time, I guess
you do too. Lots of luck in
all you undertake in the future.
Don't you change, and whatever you
Theodie, don't ever give up!
God bless you, boy

Theodie
To a really swell guy
Good luck in the future.
Hope you play 1st string varsity
basketball. always
Fond Angeles

Theodie,
to a really swell
guy who has helped
me pass in Cochini's
class by lending me
much paper! Good luck
And best wishes always. May
you always have the best in
life. Buy a bill sic you soon
I hope
Love,

"Theode"
Here's to the biggest sophomore I know. Hope that you will always stay as happy go lucky as you are. You are very lucky to be one of the few guys who always wear a smile, be sure to keep it. Good luck in all you ever do.
Your friend

Hi ya Theode!
You're a great guy. Next year we're going to do pretty well in basketball and I expect you to help alot - O.K.? 'Til then - Best of luck, "Bonne Chance", etc.
Ralph Beattie

Theode,
Good luck next year with the big boys. I'll see you somewhere around the rim.
Keep stuffing.
Jack

Hi Pie-Ball
~~Mayb~~ Maybe next year I'll play on your crummy JV team. As a "C" member are the greatest in the league. Maybe with some better guards instead of Athletes, Medina, + Parade, you might win some games. Good luck always.

It's been nice
knowing you, always
stay as nice as you are.
Dana Lile

Theodie,
I don't know you
very well, but you
are still one of the
greatest guys I
know. Stay
always.

Theodie
Good luck down
here next year!
It's been good fun
knowing you
Mark Tepper

Theodie
I wish we had
sat together more
often in the library
during lunch — for some
strange reason that
place is an impossible
place to get anything
accomplished!
Good luck in your
athletic endeavors and
be sure to take care of

Theodie
We had a great
time in Geometry
and on bus no. 27
I'm looking forward to
even more fun next year.
Good luck
& until then
Good Bless.
